Second call for papers

The Organizing Committee invites contributions for the 15th International Conference of the Spanish Association of Language and Literature Education. The deadline to submit a proposal is **June 1st 2014**.

There are two ways to present contributions to the Conference

- Posters. Posters will be exhibited for a full day or for half a day in a place to be announced. Each author will have approximately 10 minutes to explain his/her work. The poster should measure 120x90cm.
- Oral presentations. The oral presentations will be integrated in the thematic sessions lead by a moderator.

Each proposal must indicate the selected conference theme. However, the Organizing Committee reserves the right to suggest changes in the selected theme when notifying its acceptance. The proposals may be written in Basque, Catalan, English, French, Gallego, Portuguese or Spanish.

The Scientific Committee will distribute the accepted contributions into symposia/thematic panels based on the conference themes. The Organizing Committee may create panels/symposia for junior researchers as well.

Proposals for symposia/thematic panels may be sent by a coordinator who will present a general abstract and a list, with no less than three and no more than five speakers/oral presentations along with the summary for each, following the instructions for submitting oral presentations.

Proposals for oral presentations may be submitted with a summary (500 words max.) of a project or a teaching experience that reflects the conference themes. Summaries must be sent via email to the corresponding thematic field. It is imperative that all participants

register for the Conference; if not, their proposals, although accepted by the Scientific Committee, will not be included in the Conference programme.

The proposals for contributions, no more than two per author, may be submitted until the 1st of June 2014. The Organizing Committee will acknowledge receipt of all proposals and, before the 20th of July, will notify the authors of the final decision to accept or reject the contribution. The proposals must be sent by e-mail to one of the following panels:

1. Culture and Society in Teaching Language and Literature.

The proposals will be sent to at least two members of the Scientific Committee or qualified researchers designated to this end. The following criteria will be used to select proposals:

- Suitability for the Conference theme.
- Scientific and/or academic bases for the study proposed.
- Clarity in defining the objective of study and textual coherence in the description.
- Extension according to the established limits.

Regarding the publication of Conference papers, authors may choose between two modalities (both options are mutually exclusive). The first option consists of publishing the complete paper in the conference proceedings. The second option consists in submitting the paper to *Procedia-Social and Behavioral Sciences*. In the case of the latter, the full version of the paper must be written in English. Publication or rejection in either of the two modalities will be determined by the Scientific Committee and the Editors of the Conference proceedings.
